

# WE MAKE IT EASY TO GET REIMBURSED

It sure is easy.

This document will help you choose between two reimbursement options for your Dependent Care Expenses. Use the form on Page 2 to request your reimbursement.

### IMPORTANT INFORMATION ABOUT SERVICE PERIOD AND EXPENSE REIMBURSEMENTS

The IRS has strict requirements for reimbursements for dependent care expenses. Dependent care expenses must be fully "incurred" prior to receiving reimbursement which means that dependent care services must have been fully provided and completed for the service period before you are reimbursed for your dependent care expenses. This is an important point to remember because most providers require prepayment of dependent care services at the beginning of the service period before they provide dependent care services. In order to follow IRS' requirements, you may only be reimbursed at the end of the service period even if you pre-paid the provider for dependent care services.

For example: Jane has a young daughter, Amy, in daycare. Jane uses daycare services so she can work full-time Monday through Friday. She pays her daycare provider weekly on Mondays. When Jane takes Amy to daycare on Monday, January 2, she pays the provider for the week. The dependent care service period from which she is paying is Monday, January 2, through Friday, January 6. Jane is pre-paying for dependent care services because she pays on Monday, but the service period is not complete until Friday, January 6.

According to the IRS, Jane cannot receive reimbursement for this dependent care expense until January 7, after the full service period (January 2 - 6) has ended and all services have been provided in full. It is at this point that expenses are considered fully "incurred".

NOTE: Claims submitted for future dates may be denied and will need to be resubmitted at a later date.

### **CHOOSE YOUR REIMBURSEMENT METHOD**

# 1. RECURRING DEPENDENT CARE REIMBURSEMENT

With Surency you can submit one claim form for the entire year and receive recurring reimbursements. Choose this option if each of dependent care expenses are for the same amount, from the same provider and for the same length of time. For example, if your child attends a day care five days a week and the costs are the same each week, you can choose this reimbursement method.

## 2. INDIVIDUAL CLAIMS REIMBURSEMENT

You may request reimbursement after you've incurred the dependent care expense and the funds have been withdrawn from your paycheck. Choose this option if you prefer to submit claims throughout the year or if your day care expenses vary throughout the year. For example, if your child attends a day care for part of the year and an after school program for part of the year.
