SURENCY VISION MOBILE APP

Download the free Surency Vision Mobile App today to take control of your vision benefits. With the app, you can:

- Find a doctor
- Check eligibility
- Check claim status
- Order replacement contact lenses
- And more!

PLAN LIMITATIONS/EXCLUSIONS:

- A child is eligible for coverage under the Plan to the end of the calendar year in which they turn twenty-six (26), if a resident of the State of Missouri, and is not provided coverage as a named subscriber, insured, enrollee, or covered person under any group or individual health benefit plan, or entitled to benefits under the Social Security Act.
- Allowances are one-time use benefits; no remaining balance.
- If eyeglass lenses are elected, contact lens allowance may not be available; coverage specific to vision benefit plan.
- Orthoptic or vision training, subnormal vision aids and any associated supplemental testing.
- Medical and/or surgical treatment of the eye, eyes or supporting structures.
- Services provided as a result of any Worker's Compensation law.
- Benefit is not available on certain frame brands in which the manufacturer imposes a no discount policy.
- Corrective eyewear required by an employer as a condition of employment, and safety eyewear unless specifically covered under plan.
- Plano lenses and non-prescription sunglasses (except for twenty percent (20%) discount).
- Services or materials provided by major medical coverage under any other group benefit providing for vision care.
- Two (2) pair of glasses in lieu of bifocals.
- Aniseikonic lenses.
- Discounts do not apply for benefits provided by other group benefit plans.
- Lost or broken materials are not covered.

THE IMPORTANCE OF HEALTHY EYE CARE HABITS:

5% of kids, ages 2-4, have an eye problem that could result in permanent vision loss if left untreated¹. What does this mean? How a child sees at home, in school and during activities can impact them now and into their future!

With the **Surency** KidsEyes Benefit, your kids can learn, grow and succeed through healthy eye care habits.

OUR KIDSEYES BENEFIT INCLUDES:

- An additional comprehensive eye exam within the same benefit year
- Replacement lenses covered once within the benefit year (helpful if your child's prescription changes)
- Covered Polycarbonate lenses
- Contact lens fit and follow-up service
- 40% off replacement glasses and 20% off sports eyewear

DIABETIC CARE SAVINGS

It is recommended to get an eye exam once a year. But if you have diabetes, your eyes may need more attention. This may lead to more trips to the eye doctor.

With your benefits from *Surency*, you have access to vision care and services that help you take control of your eye health and overall wellness.

OUR DIABETIC BENEFITS INCLUDES

- An office visit and diagnostic testing once every 6 months.
- Diagnostic tests such as gonioscopy (*check drainage angle*), extended ophthalmology (*a more detailed exam*), fundus photography (*photo of the rear of the eye*) and scanning laser. All tests are offered at the provider's discretion.
- Our diabetic vision benefit has coverage for both Type 1 and Type 2 diabetes.

Your eye is only about one inch across,¹ yet it's one of the most complex organs in your body. To help your eye doctor see it more clearly, your vision benefits cover retinal imaging with a \$10 copay from an in-network provider.

WHAT YOU CAN'T SEE WITH YOUR NAKED EYE

A retinal image is a hi-res map of your eye — in full color and uniquely yours. It takes an ultra-wide look and sees five times more of your eye than traditional eye exams. The image appears in real-time, so you'll see what your doctor sees.

WHY ASK ABOUT RETINAL IMAGING?

- It maps the inside of your eye in fine detail. Your doctor can spot early signs of problems like macular degeneration and glaucoma, or even diabetes and high blood pressure.
- It keeps things comfortable. You'll just see a quick flash, like your picture being taken.
- It tracks even the tiniest changes in vision. Change happens so slowly, the "E" on the eye chart may vanish before you notice.
- It gives your eye doctor an image for keeps, which means these important maps can be referenced at subsequent visits.
